THROWAWAY CULTURE IS OUT

For more enviro-sensitive products, look to the Morf® Recycled; made from REPVE® 100% Recycled Polyester, the world's leading recycled fibre and trusted globally to bring brands high performing, earth-friendly products.

Across both our Beechfield® and BagBase® brands you'll find the equivalent number of PET bottles it takes to make each product, so instead of these bottles going to landfill we are re-using and recycling them into new product.

Throwaway culture is out. Wear, don't waste.
