

A portrait of a young man with short brown hair and a light beard, wearing a grey crew-neck sweater. He is looking directly at the camera with a neutral expression, his right hand resting on his chin. In the upper right corner, there is a circular badge with a black border containing the text 'SUPER WASH 60°'.

KUSTOM KIT®

SUPER WASH 60°

We only manufacture quality garments that are built to last! As part of Kustom Kit's sustainability strategy, we believe that well-made, ethically sourced garments are the most important interventions we can make to slow down material flow and reduce overconsumption, while also addressing environmental changes.

That's why our designers consider all aspects of garment construction to ensure that greater longevity and exceptional value are inherent across the Kustom Kit range.

WHAT IS

A hi-tech fabric that allows the garment to be washed up to 60° for the removal of stubborn stains without affecting shape or colour, some garments in our range are also tumble dryable.

1. FABRIC

Our Superwash® 60° fabrics are made from high quality yarns, knitted to a tight tension which means that the garments are super hard wearing. We use long fibred yarns that product a compact fabric surface that is highly resistant to piling. Our dyes are designed to keep their colour even when washed at high temperatures while still being kind to the skin and the environment.

2. GARMENT MAKE-UP

The make-up is of a high quality. Features such as double stitched seams ensure durability and back neck and shoulder tape provide wearer comfort and shape retention. We also don't scrimp on stitches which ensures optimum seam strength.

3. PRINTABILITY

We have engineered all our Superwash® 60° fabrics to be the perfect base for decoration. The clean compact surface provides the perfect canvas for ink and vinyl. Its compact construction allows for even stitch heavy embroidery designs.

4. ETHICALLY MANUFACTURED

Kustom Kit believes in respecting people and the environment. We ensure that our suppliers are totally committed to exceeding our high ethical standards. Our Superwash® 60° garments are very highly accredited, holding Oeko-Tex Standard 100, Oeko-Tex Made in Green, Oeko-Tex STeP, Wrap Gold, SEDEX, BSCI and Accord.
